# EDUCATION WEEK 2019!

'EVERY STUDENT, EVERY VOICE'

## Message on the Principal

### Education Week 2019

Looking across the week I feel a great sense of pride in the way in which our school delivers a quality education. We celebrated with a beautiful assembly where our students led the way and where every student shared how they are known, valued and cared for. Parents shared their journey with contributing to what is important for them in regards to student voice. Our Athletics Carnival was a wonderful success where students were able to share their sporting abilities. Our leaders shared professional learning at school regarding feedback, a team designed a tool of the future at the Catalyst Lab and our families shared some fun at the Wizard of Oz. What stands out most of all is the partnerships that we have with our community. Thank you to the P&C for your contributions at the Open Day and for your fabulous work at the Athletics Carnival. Thank you to all of the parents who took the time to be present for your children. Thanks you to our staff who always go above and beyond in everything that you do. Thank you for putting the highest quality of education in front of our students daily. You are the stars of our school. Thank you to our students too who are wonderful in each and every way. You each contribute in your unique way. It really is a wonderful school community who work to promote success, partnerships and opportunities. What a fabulous week.

### Athletics Carnival

The Athletics Carnival was a huge success. All students were actively involved in sport where they were achieving at their own level. I wish to recognise Mrs Henry for her work on the Athletics Carnival and sport in

general. She spends a long time thinking about how to ensure that all students can participate and have a go. Mrs Henry makes it look easy but I can assure you that a lot of hard work goes on behind the scenes to ensure that the day is fabulous. Thank you Mrs Henry for all that you do to ensure our students shine in the sporting arena.

### The Girl on The Wire

The girl on the wire is a book about a girl who is feeling very scared and a little emotionless. The story tells of the importance of using your growth mindset and believing in yourself.

The story tell us about a girl who is feeling scared about a challenge that she is facing. She walks on the wire and you can tell that she feels frightened and scared. She puts her arms out so that she feels like a bird who can fly. This is like when we put our arms out to ask for a little bit of help. She feels like she could fall but realises that she has everything that she needs inside of her. She then uses her growth mindset and brings light. She then accomplishes her goal.

### Leadership Development Initiative

Thank you to Mrs Cameron and Miss Phillips for leading our staff in Professional Learning regarding how we further improve feedback processes.

We are looking at involving students more in the process to make feedback an authentic two way process. Staff were all engaged in

## Congratulations

Congratulations to our very clever Ishpreet who has been selected in the South Sydney West Regional Cricket Team as a spin bowler. We are very excited about your success. We too are very proud of you. You are a student who gives her all in everything that you do. Keep on achieving. We look forward to hearing about how you go. Remember we will be

## Catalyst Lab

This week Mrs Jegers, Mrs Tate and I have been working at the Catalyst Lab.

The Catalyst Lab is all about providing the time and space for Innovation. Our brief was to deliver a tool that enhances 'Ethical Citizenship in a world of Artificial Intelligence'. A

tricky concept. We spent time developing our tool the Compass which is a teaching tool aimed at simplifying this concept for our teachers and creating excitement in this space. We then had to create a User Journey which demonstrated what it would feel like to use the tool. We then tested our tool with some teachers to receive feedback. We then needed to pitch our tool at event similar to a trade show. It was a big week using the design process. It was great as teachers we experienced-learning that was challenging us and pushing us out of our comfort zones. Our team did really well. I am so proud of our work and our journey. We will now await to see if we move through to the

## Wizard of Oz

Our very own Dorothy showed up for some fun at The Wizard of Oz! Loved that Laylarni had Toto with her. A fun afternoon celebrating diversity!

## Follow The Yellow Brick Road

A beautiful afternoon with our students celebrating diversity at the Wizard of Oz. Thank you to The Children's Festival for our complimentary tickets. We loved the show. Thanks you to the staff members who came along to support. A beautiful afternoon celebrating all that is special about our school community. Thank you to our families who joined us for the afternoon.

*Narelle Nies*

## First LEGO League

Our first LEGO League Challenge has begun!!  
We are so excited to be a part of the city shaper LEGO Challenge!  
Mrs Jegers

## Pyjama Day

We had a wonderful and snuggly day dressed in our Pyjamas. Students wore their favourite Pyjamas to raise money. The SRC decided to support Stewart House with this important initiative as they support our students. Well done to the SRC who organised and ran this event including designing the notes. Our SRC are wonderful

Miss De Santi

## Yarn Up

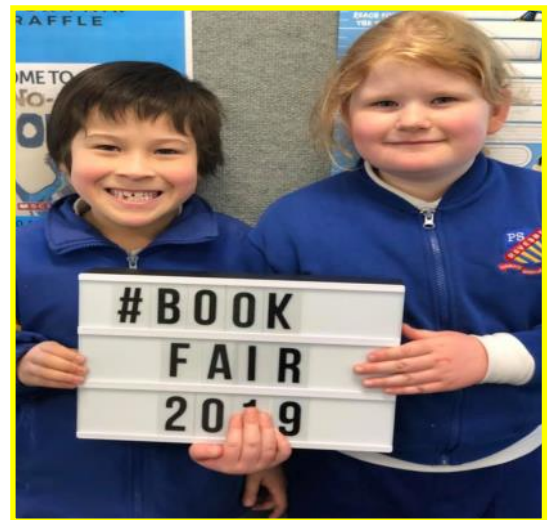

Two of our Aboriginal students have been participating in the Yarn Up program, designed to develop their public speaking skills. Today they presented their speeches at NSW Parliament House in front of other students and their parents. They both represented Revesby Public with pride and confidence. We should be very proud of these wonderful students!

Mrs Southon

## Book Fair

A huge thank you to our community for your support of the book fair! We had many excited customers who loved purchasing their books. We raised almost \$1000 to purchase new library books! Congratulations to the winners of the book fair raffles Chelsea, Hannah and Marcus!  
Mrs Jegers

# Stage One News

Stage One have been developing their narrative writing skills. Our writing has been improving as we have learnt how to create interesting characters, settings and events.

## **Everything I Touched Turned Green**

One summer day I was with my little brother, Scarlett, Irem and my mum. We were in Narwhal land. I wanted to eat purple candy floss but my mum made wanted me to eat the green candy floss. "Okay." I said. I took a bite of the green candy floss. I went and swan with the narwhals. As I touched one of the narwhals it turned green! The narwhal was worried that it would stay green forever. Everything else I touched turned green too. I came up with an idea. I went to get some pink candy floss juice and drank it. Everything turned back to normal.

By Edie

Stage One have recently been learning about mass concepts and have been constructing their own scales to measure the mass of objects.

# Year 2 STEM

Year 2 students who are not attending gymnastics on Friday afternoons participate in the Year 2 STEM program. This is an opportunity to develop problem solving, critical and creative thinking and teamwork skills.

## Open Day in Stage One

It was wonderful to have so many families visiting Stage One for our Open Day!

## Stage One at the Athletics Carnival

Stage One had a wonderful day at the Athletics Carnival participating in the 70m and 200m race, shotput, long jump, high jump and novelty events.

EAL/D NEWS

The students are engaged in activities across different stages.

Collaborative planning to make paper chains.

Jazzveer enjoys reading and sharing ideas.

Stage 3 working on sentence structure.

Stage 3 working on tense.

Ranveer reading sight words.

Early stage 1 working in groups.
