

Eggorama

Easter Diorama

Stage 3 Easter Task

This is a creative and fun project that stage 3 participate in instead of Easter hats for the school parade and it is a long-standing TSPS tradition!

Students make a diorama depicting a word that contains the syllable 'ex'. The 'ex' is changed to 'egg' and students use eggs to illustrate the word.

(Tip- blow out the egg if using real eggs)

These are photos of some TSPS eggoramas of the past.

There are many words you can find in the dictionary, online or even celebrity names have been becoming a popular choice! (e.g. Egg Sheeran). Some other eggexamples are- explain- eggspain, excursion- eggscursion, experiment- eggperiment.

Get started early so you have time to do a great job and bring it to school ready to display on our Easter Hat parade day Thursday 28 March.

Happy creating! We can't wait to see them!
