

Regarding: Principal Appointment for Bourke Street Public School

Dear Parents and Carers

I am very pleased to announce that, as a result of a merit selection process, Mr Jason Goode has been offered and accepted the position of Principal, Bourke Street Public School. This appointment is subject to the ten day appeal process available to all candidates.

Mr Goode has acted in this role at Bourke Street Public School over the last eight months and has impressed with his leadership during a difficult period for the school community. He genuinely cares about the students and staff at the school and has a record of building strong, positive and supportive school communities.

Mr Goode is very excited about being appointed as the Principal of Bourke Street Public School and is expected to commence duty as the official Principal on the first day of Term 3, 2019.

I would like to thank the members of the selection panel who worked with me in selecting Mr Goode for this position.

I know Jason is really looking forward to continuing to work with the students, staff and community of Bourke Street Public School and that you will join me in warmly welcoming him, officially, as our new Principal.

Yours sincerely

Richard Skinner
