Celebration of Learning

This term marks the end of another productive and brilliant year. To celebrate many wonderful achievements, students will be participating in a Celebration of Learning Day. Celebration of Learning will include an external provider, Sports In Schools, offering safe Water Activities on our school oval. This session was initiated and supported through student voice in our School Parliament. Water activities will be safe, engaging and age appropriate for our students. Activities will include sponge play, sprinkler fun and inflatable water play. Celebration of Learning will be continued during the day with classroom games, dancing and team building activities. Our school P&C will provide students with an ice-block treat.

Tuesday 12 December: K-2, K1-D and 1-5A Celebration of Learning Sports In Schools Water Activities. Students are encouraged to wear mufti on this day, pack a towel and spare change of clothes.

Wednesday 13 December: Year 3 and Year 5 Celebration of Learning Sports In Schools Water Activities. Students are encouraged to wear mufti on this day, pack a towel and spare change of clothes.

Thursday 14 December: Year 4, Year 6 and 3-6J Celebration of Learning Sports In Schools Water Activities. Students are encouraged to wear mufti on this day, pack a towel and spare change of clothes.

Year 6 End of Primary School Celebrations

Year 6 are looking forward to many planned unique events over the course of their last two weeks of primary school.

- Art on Canvas
- Year 6 Dinner
- CPR course
- Water Fun Day

CPR Course

On Monday 12 December and Tuesday 13 December, Year 6 students will learn about general safety practices and what to do when first aid is required. For example, bleeding, bites, stings and CPR. Due to the exceptional efforts from the Year 6 students with Fundraising, this course was 'free'.

Salvation Army Christmas Drive

Thank you to our P&C for organising this year's Donation Drive for the Salvation Army.

On Monday 11 December, students can dress up in Christmas mufti clothes and are requested to consider donating ONE ITEM to help those in need at Christmas time.

All donations will be gratefully received and can be brought to the school hall on the day.

In the words of the Salvation Army: The backdrop against which we approach this holiday season is one marked by the challenge of rising inflation and interest rates, a situation that has cast a shadow over the financial stability of numerous Australians. The escalating cost of living has manifested in a noticeable surge in the demand for food assistance within our community over the past year, with the number of families seeking weekly food support having doubled. This initiative entails the collection of fundamental pantry staples, which will be of immense value to families grappling with financial hardship.

Thank you for your support.

Boundary Change and Moving Outside the School Catchment Zone

Due to the continued and sustained growth in new housing, adjustments to some school intake areas are necessary to ensure the best placement of students and their families. Riverbank Public School's intake area (catchment) has been adjusted effective from Term 2 2023. Please refer to the School Finder https://schoolfinder.education.nsw.gov.au for these changes. If your child is already enrolled as a local student based on a previous intake area, they do not have to change schools. You have the choice to keep them at their existing school or move them to the school you are now allocated to.

If you relocate outside the Riverbank Public School catchment, unfortunately we are unable to enrol younger siblings.

Planning for 2024

I am busy planning in preparation for next year. To allow the school to plan as effectively as possible, we would like those families who know they will not be returning in 2024 to confirm these details as soon as possible. A form has been sent out via School Bytes. If you are aware that your child will return to school late next year, I ask that you confirm these details immediately. It is important for all students to return on day 1 of the new school year. Taking leave at this time of a new school year can have a significant impact on the formation of classes and the school's enrolment audit.

We are anticipating 2200 students, with 83 mainstream classes and 4 Inclusive Education classes.

2023 Annual Parent Survey

We kindly request parents complete our annual feedback survey.

Restorative Practices

Restorative Practices form the relational basis for Quality Teaching and Learning at Riverbank Public School. Our Restorative Practice Framework, because of its explicit nature, offers a common language and practice capable of fostering healthy relationships.

Student achievement is enhanced through Restorative values being embedded as a way of being and learning together. Our approach fosters individual responsibility and helps develop empathy. Inappropriate behaviour or choices and mistakes can be viewed as an opportunity for insight, learning and development in both the academic and social domains.

The explicit framework is inextricably linked to the Quality Teaching Framework and includes the following sets of questions to be asked by children, teachers, and parents.

When Things Go Wrong.... When Someone Has Been Hurt

- What happened?
- What were you thinking of at the time?
- What have you thought about since?
- Who has been affected by what you have done? In what way?
- What do you think you may do to make things right?
- What did you think when you realised what happened?
- What impact has this incident had on you and others?
- What has been the hardest thing for you?
- What do you think needs to happen to make things right?

The process is empowering as it takes students from the past to the present and gives them hope for the future. It empowers them to make things right and heal any harm that has been done.

A restorative classroom setting is one that values dialogue through an inclusive approach where everyone expects to be heard and through this participatory process, students develop the capacity to learn that emotions are an important and legitimate expression of healthy dialogue. This process helps students to deal with conflict, tensions and difference in respectful ways that engender trust and foster healthy relationships.

School Motto

The school's motto, 'Learning to Live, Living to Learn', reinforces a broad and enriching curriculum, which not only focuses on the development of literacy and numeracy skills but also on the social and emotional wellbeing of the students whilst respecting a culturally diverse community.

Riverbank Public School Code of Behaviour

- We share the voice space by listening actively to others and expressing ourselves confidently.
- We follow instructions by being in the right place, at the right time, doing the right thing.
- We use build-ups by saying encouraging, affirming things to others.
- We keep our hands, feet, and objects to ourselves so that everyone is safe.
- We own our own behaviour because we choose how we behave.

Our Help Increase the Peace (HIP) Keys – School Rules:

Our school values will incorporate the 'Help Increase the Peace Keys' to promote a harmonious, nurturing, and challenging living and learning environment.

The HIP program offers a whole school approach to building relationships through communication, co-operation, trust building and conflict resolution.

YELLOW KEY Care for Others

GREEN KEY Think Before Reacting

BLUE KEY Respect Yourself

STEAM Update

This term students in Stage 3 Tech Club have been learning to code working games through the online programs, Scratch and Blockly.

Students worked together to solve problems and have been testing their prototypes with peers to refine their codes, with lots of laughing and smiles along the way.

Library Update

Library News: It is that time of year when we are rounding up all our Riverbank library books and returning them back to the library!

End of Year borrowing: All student borrowing has now finished for the year.

We have a competition this year.

The first class from every grade to return all of their books gets a class set of arm bands stating "I love to Read".

If more than one class returns all their books by the same date the class with the most loans this year will be the winner.

Year 6 finished borrowing in Week 3.

The 4 x Year 6 classes that have **returned all their books are**: 6D, 6G, 6L, and 6M.

6D is our winner with all books returned and a total of 498 loans this year. Congratulations!

Years K-5 finished borrowing in Week 5 - We will be looking for our K-5 Grade winners this week.

Returning Library Books: Riverbank Library books can be returned at any time into the large white returns box outside the library.

Students have been given individual copies of outstanding loans and emails have been sent to parents.

We have currently 494 books still to be returned by students.

Do you have half an hour a week? Volunteer as an ethics teacher.

In ethics lessons, students explore everyday issues suitable for their age. They learn to listen closely to each other, to disagree without putdowns and to think carefully as they form their opinions. As an ethics teacher, you'll get a lot out of it too!

Our volunteers come from all walks of life. They can be grandparents, friends and local community members. You don't need to be a trained teacher. Primary Ethics offers full, free training, lesson scripts and ongoing teaching support.
