

# Kindergarten NEWSLETTER

Hello, Kindergarten Families! We have had an exciting and busy start to Term 1 at BWPS. The children have been settling in beautifully, making new friends, and exploring their learning spaces with enthusiasm. We have been enjoying a variety of hands-on activities that support early literacy, numeracy, and social skills. It has been wonderful to see their confidence grow each day as they engage in new experiences and routines.

*Dance for fitness in the hall every Tuesday*

## Learning Focus

In Numeracy so far we have been investigating sorting, patterns and encouraging the students to notice that maths is all around us. Literacy has focused on making connections to stories that we read and responding to them by sharing our experiences, talking about our ideas and recording with drawings. We have started learning some of our single sounds and practise forming letters correctly everyday!

# Library Days

KC - Thursday

KF - Wednesday

KJ - Thursday

KL - Wednesday

Please remember  
to return your book  
each week and  
bring a library bag!

KF's first session in the  
computer room.

KF practising their ball skills

# Reading Logs

Remember to fill in your reading log each night. Once your child has read (or been read to!) for 20 nights, they return their log card to school. They will receive a certificate. Students will continue to move their way through certificates and hopefully reach at least 200 nights by the end of the year!
