

KINDERGARTEN NEWSLETTER

Term 2 is off to a flying start in Kindergarten! From hands-on learning adventures to joyful moments with friends, our classrooms have been full of energy, laughter, and growth. It's amazing to see how much the children have already learned and how they continue to surprise us with their creativity, curiosity, and kindness each day.

KEEPING OURSELVES SAFE

In PDH this term, Kindergarten has been learning all about staying safe in different situations. We've talked about sun safety using the 'Slip, Slop, Slap, Slide, Seek' message, learned how to stay safe around water, and discussed the importance of only taking medicine with a trusted adult. The children have been enthusiastic and thoughtful as they build their understanding of how to look after themselves and others.

MY SENSE OF WEATHER

In Science, Kindergarten have been exploring the weather through our My Sense of Weather unit. We've been observing the sky, using our senses to notice changes in weather, and learning how different conditions affect our daily lives. At home, you might like to start a simple 'weather watcher' chart with your child. Each morning, look outside together and draw or label what the weather is like. It's a fun way to build observation skills and connect classroom learning with the world around them!

A QUICK REMINDER...

As the weather keeps changing, jackets and jumpers are coming on and off throughout the day. Please make sure all clothing items are clearly labelled with your child's name. This helps us return lost items quickly and keeps our classrooms running smoothly. Thank you for your support!

ATTENDANCE MATTERS

When children attend school every day, they don't just keep up—they thrive! Let's work together to make sure every student is here, every day, ready to learn and grow.
